

*Audiofan*<sup>®</sup>  
U.S.A

"I-Zing International Limited", which owns Audiofan, TiKaudio brand series of products. Its main positioning attributes begin with home theater group, and karaoke for the spindle.

Audiofan cooperates with American Ohio DMI Technology Company, and became an authorized distributor in Asia. They co-produced and designed series of products. Audiofan has to-date 20 years of brand history. It strives for precision and perfection, and its evolvement with advance technology has made them the leaders in sound technology including professional audio production.

The complete Audiofan product design process, from the use of materials, design, and product testing to the finest detail in sound quality adjustment is strict and guaranteed of the highest quality. Each product is fully in line with the market demand and reaches above and beyond market expectations. Items such as S-205, K-1 and amplifier Angelheart, to the popular steel grilled PS-808 subwoofer, etc, are all to critical acclaim.

In 2009, "I-Zing International Limited" was officially made the sole distributor of Audiofan in Taiwan. The founders' enthusiasm for music and the love in pursuing quality sound led to the launch of another new brand simultaneously,

TiKaudio; carrying forward the same Audiofan expectations and regulations in its branding and creating a brand of premium sound specification regardless of the cost in its R & D and manufacturing.

TiKaudio believes in bringing artistically bel canto into the leisurely life; the boutique into a warm home, creating the perfect atmosphere. It persists in establishing impeccable sound quality.

In the era of high-tech of audio areas with excellent technology, the speaker possesses one indispensable role. "I-Zing International" is carefully rendered, and continues to lead the brand in creating the ultimate sound of music, authenticating that the extravagant and luxurious enjoyment is definitely worth having.

>> TK-28

此款喇叭仍然以手工原木貼皮，在高音單體上卻是一大突破，採用號角34蕊鋁美合金驅動器，使得高頻延伸可達35KHZ，中低頻更達完美的衍街，並擁有94DB的高效使得音場更為開擴，中頻更加厚實率，不管在劇院或卡拉OK都有超水準的表現。

- 驅動單體：8"x2 / 號角高音x1
- Power handling：50-150Watts
- Impedance：4Ω
- Sensitivity：90dB
- Dimensions：110X254X30cm
- Weight：30Kg
